Assessments

Comprehensive Curriculum Integration

Our Assessment suite seamlessly aligns with OnlineMedEd's extensive curriculum, ensuring a holistic learning experience that drives synthesis and deep learning to open a medical student's mind to thinking at the next level.

Targeted Learning and Analytics

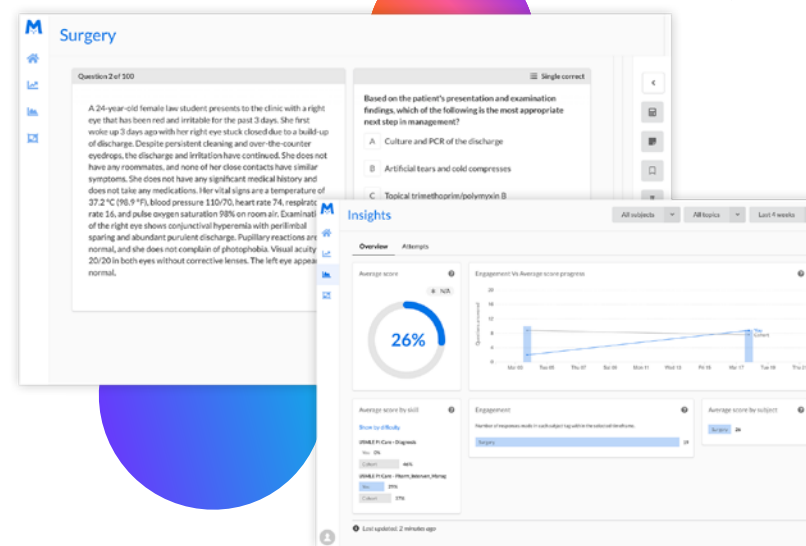

Leverage insightful analytics to tailor learning experiences. Enrich competence by identifying strengths and weaknesses, allowing students to focus on areas for improvement with content delivered at the point of greatest need.

"You can free your faculty to be true educators in the classroom so that they can do active learning, apply the information that's learned through OnlineMedEd — and expand on it."

Nancy Hayes, Ph.D.

Florida State University
Associate Professor,
Director of Clinical Foundations

Faculty Empowerment

Effortlessly integrate OnlineMedEd's content and assessments into your curriculum and offer a dynamic blend of impactful learning content and rigorous assessments. Our assessments and dashboards empower faculty to identify, manage, and evaluate remediation efforts with precision.

Effective Test Prep Resources

Equip your students with unparalleled test preparation resources. Our Assessment suite provides a robust foundation for exam success, instilling confidence in students that they have mastered the material and are well-prepared for both clinical settings and examinations.
