What's new?

Learning Platform Upgrade

The new OnlineMedEd platform delivers a smoother, more intuitive user experience, fully remastered 4k videos, faculty tools, and lesson completion dashboards for students.

Reporting & Dashboards

Easy-to-analyze Student Activity Reporting enables faculty to correlate outcomes with OnlineMedEd student usage and performance data.

Learning How to Learn

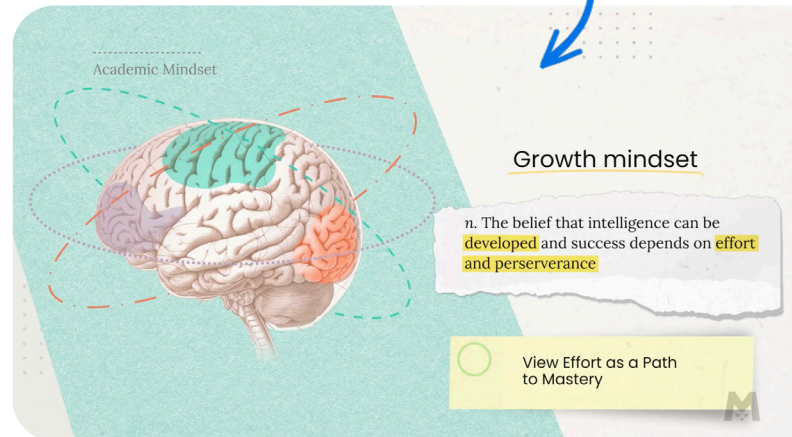

Designed to equip learners with the knowledge and skills to study smarter, this series provides evidence-based strategies for learning, maintaining motivation, setting goals, and mastering concepts.

"You can free your faculty to be true educators in the classroom so that they can do active learning, apply the information that's learned through OnlineMedEd — and expand on it."

Nancy Hayes, Ph.D.

Florida State University
Associate Professor,
Director of Clinical Foundations

Pre-Matriculation

Smooth the transition to med school by partnering with OnlineMedEd to develop a curated schedule of lessons to complete before orientation and reinforce key topics covered early in the MS-1 year.

User Community

We have introduced a vibrant User's Community to foster collaboration and support among our dedicated learners.

Assessments

Coming soon! Targeted assessment tools for formative assessment, test prep, and remediation to provide insights to inform student study plans.
